

Bailey's Court Primary School

Reception's Medium Term Planning

Spring 1 - Transport

Early Years Foundation Stage Framework

As Writers, we will explore a range of texts including *Naughty Bus* and *Whatever Next!* We will learn how to write simple CVC words using sounds learnt from Basics 2 and 3.

As Readers, we will continue to learn how to segment and blend sounds in words in order to read. We will be learning the Basics 3 phonemes and Tricky Words following the Supersonic Phonic Friends scheme.

As Mathematicians, we will continue to subitise within 5 as well as matching numerals to quantities. We will also be comparing sets and using language of comparison such as: *more than, fewer than, an equal number to*.

As Geographers, we will investigate maps and use them to compare our local area to Bristol City Centre.

As Chefs, we will be cooking up our very own Stir Fry!

As Musicians, we will learn to listen to the beat of music and show the beat with actions. We will also have the opportunity to play along to the music using percussion instruments and perform our own sound story as a class.

As Historians, we will be exploring the similarities and differences within modes of transport from the past to present.

As Artists, we will explore the art of Yayoi Kusama's. We will then create our own artwork inspired by her famous polka dot designs.

As Scientists, we will carry out experiments linked to hygiene and we will learn about the importance of hand washing.

As Designers, we will make use of our PlayPod resources to build models that will support us when role playing characters in stories we have been learning.

As Theologians, we will explore religious beliefs in a thoughtful way. We will learn about different festivals and celebrations that take place around the world including Chinese New Year and the Lantern Festival.

In PE, we will develop our control and balance through Gymnastics lessons. We will explore ways to jump, land, roll and move safely with increased confidence.

In Computing, we will explore computing systems and networks. We will learn how to log in and out of the laptops independently. We will also focus on moving the mouse with increased accuracy, including clicking, releasing and dragging.

Our theme in **PSHE** this term is '**Healthy Me**'. We will learn that we need to exercise to keep our bodies healthy and explore how moving and resting is good for our bodies. We will explore healthy and unhealthy foods so we can make healthy eating choices.
